PUBLIC HEARING

Z-2026-05 – Zoning Map Amendment – 4855 Integra Springs Boulevard

Planner Lauren Russell provided details for case #Z-2026-05, attached and made part of these minutes as Exhibit 1; and identified the applicant, address, and size of the property. Ms. Russell stated that the request is to rezone approximately 2.44 acres of an approximately 10.137-acre property located at 4855 Integra Springs Boulevard. The subject property is currently zoned City of Kannapolis Planned Development-Traditional Neighborhood Development (PD-TND) zoning district and the request is to assign City of Kannapolis General Commercial (GC) zoning district.

Ms. Russell directed the Commission’s attention to case maps, further illustrating the location, current and surrounding zoning districts, existing property uses, as well as the Character Area as determined by the Move Kannapolis Forward 2030 Comprehensive Plan (“2030 Plan”). She further directed the Commission’s attention to site photos, stating that staff found consistency with the 2030 Plan and is recommending approval of the rezoning request.

Ms. Russell reminded the Commission of the actions requested, concluded her presentation, and made herself available for questions. She shared that the applicant was present.

Chair Puckett asked for clarification that the proposed rezoning would be to clean up the entire parcel’s zoning. Ms. Russell confirmed. Chair Puckett invited the applicant to speak.

Applicant Ken Chapman introduced himself to the Commission. He explained that the property’s zoning has a small area that needs to be rezoned to be consistent with the remainder of the property which is zoned General Commercial. Mr. Chapman explained that around eighteen years ago, the property was swapped for the construction of the apartments. They are now looking to make the property’s zoning cohesive.

There being no questions from the Commission for staff, Chair Puckett opened the public hearing.

There being no comments, the public hearing was closed.

1 There being no further questions or comments for staff, Chair Puckett asked for a motion regarding
2 the Statement of Consistency. Mr. Ensley made the motion to approve, second by Vice-Chair
3 Litaker, and the motion was unanimously approved.

4
5 Chair Puckett asked for a motion regarding the Resolution to Zone. Ms. Malit made the motion to
6 approve, second by Mr. Ensley, and the motion was unanimously approved.

7
8 **CZ-2026-03 – Conditional Zoning Map Amendment – 6304 and 6320 Mooresville Road and**
9 **6165 Pagemont Road**

10
11 Assistant Planning Director Elizabeth McCarty provided details for case #CZ-2026-03, attached and
12 made part of these minutes as Exhibit 2; and identified the applicant, address, and size of the
13 property. Ms. McCarty stated that the request is to conditionally rezone property of approximately
14 109.166 acres located at 6304 and 6320 Mooresville Road and 6165 Pagemont Road. The property
15 is currently zoned Cabarrus County Agricultural/Open Space (AO) zoning district and the request is
16 to assign City of Kannapolis Residential 2-Conditional (R2-CZ) zoning district to allow for a golf
17 course development and a limited number of single-family detached residential lots. The property
18 was recently annexed on April 13, 2026.

19
20 Ms. McCarty directed the Commission’s attention to case maps, further illustrating the location,
21 current and surrounding zoning districts, existing property uses, as well as the Character Area as
22 determined by the Move Kannapolis Forward 2030 Comprehensive Plan (“2030 Plan”). She further
23 directed the Commission’s attention to site photos, stating that staff found consistency with the 2030
24 Plan and is recommending approval of the rezoning request with the following conditions:

- 25
26 1. The permitted uses allowed by this rezoning shall include the uses, densities, and intensities
27 as shown on the conceptual site plan approved with this rezoning. The intent of this rezoning
28 submittal is to allow for a golf course and single-family detached residential development.
29 2. NCDOT driveway permit shall be obtained for the proposed access.
30 3. The development depicted on the rezoning site plan is schematic in nature and is intended to
31 show the general arrangement of such uses and improvements on the site. Accordingly, the
32 ultimate layout, locations and sizes of the development and site elements depicted on the
33 Rezoning Plan are graphic representations, and they may be altered or modified in
34 accordance with the City of Kannapolis Development Ordinance.
35 4. A final site plan, in compliance with the applicable Kannapolis Development Ordinance
36 standards, shall be submitted to and approved by City Staff prior to issuance of a Zoning
37 Clearance permit.
38 5. The development shall comply with the current Land Development Standards Manual.

39
40 Ms. McCarty reminded the Commission of the actions requested, concluded her presentation, and
41 made herself available for questions. She shared that the applicant was present.

42
43 Vice-Chair Litaker inquired if there was an above ground water line in the rear of the property. Mr.
44 Smith shared that the water line in reference was nearby, but not above ground on the subject
45 property.

1 Chair Puckett reminded those in attendance that the subject property had recently been annexed,
2 with a requirement to assign City of Kannapolis zoning within sixty days. He then welcomed the
3 applicant to speak.

4
5 Applicant Phil Hamel introduced himself and his son Scott Hamel to the Commission. He thanked
6 Mr. Smith and Ms. McCarty for their guidance with the annexation and rezoning processes. Mr.
7 Hamel then shared a brief introduction of their team and shared a presentation regarding the project
8 proposal for the property, which includes a golf course and residential plan. The team includes
9 investor and course developer JD Downey, PGA instructor David Ross, civil engineer Peyton
10 Woody, golf course architect Kris Spence, and building architect Ginger Moore. Mr. Hamel shared
11 emphasis that there is a lot of talent going into the project with good people at the heart of it.

12
13 Scott Hamel provided an overview of the conceptual plan for the property. He explained that the
14 golf course is a premium, smaller footprint golf club open to the community. Mr. Hamel expressed
15 that with a smaller footprint, the course is affordable from both a time and cost perspective. He
16 shared that along the western border of the property, there will be eight to ten single-family
17 residential homes.

18
19 Mr. Hamel continued with the specifications of the golf course. He explained there will be two nine-
20 hole courses, a shorter par 3 nine and a short course nine. With modified courses, play time is around
21 an hour and a half each. Mr. Hamel shared that there would be expansive practice facilities, including
22 a driving range and short game area. A dedicated area for practicing is what Mr. Hamel believes is
23 missing in the golf world, so with its addition, it provides for a more inclusive experience. He
24 explained that their team's facilities are designed to be a walking facility, therefore there will be
25 traditional parking. Mr. Hamel also shared that the property will not be overwhelmed with distracting
26 lighting and follow all requirements of the ordinance. He concluded that the model presented
27 provides premium golf approachable for the world.

28
29 Phil Hamel emphasized the premium model. He explained that there are plenty of country clubs
30 around, that require enormous dues and fees. Mr. Hamel expressed that the public does not seem to
31 have the option to play on high quality golf courses, which is at the center of their mission.

32
33 Scott Hamel explained the purpose of the proposed buildings on site. The performance center allows
34 for access to the best technology for lessons. The clubhouse will be curated with an approachable
35 and open feel, more of a coffee shop welcoming families. The residential lots will be over an acre
36 each, overlooking the facility. Mr. Hamel also confirmed that the entire property and facilities would
37 be served by septic systems.

38
39 Mr. Hamel concluded his presentation and shared his excitement to be part of Kannapolis' growing
40 community.

41
42 Chair Puckett asked if the Commission had any questions for the applicant.

43
44 Mr. Ensley asked if the project will receive city water and sewer. Mr. Hamel confirmed that there
45 will be connections to city water, private septic systems, and wells for irrigation.

46

1 Ms. Stein shared her appreciation for Mr. Hamel sharing their site plans for the property. She
2 expressed her excitement for the future development.

3
4 Mr. Smith shared several notes. He shared that the popularity of golf has increased in recent years.
5 He credited the applicant taking extensive time into the proposed development as well as their
6 modesty. Mr. Smith stated that the addition of the golf course would be fitting in alignment with the
7 2030 Comprehensive Plan.

8
9 Ms. Stein inquired if footgolf was an option. Mr. Hamel was not familiar with that variation but
10 would take time to research.

11
12 There being no further questions or comments for staff, Chair Puckett opened the public hearing.

13
14 Johnnie Jones asked if there were highway studies completed. He inquired about the option to have
15 a signal light at the intersection at the subject property.

16
17 Chair Puckett explained that the traffic study would be conducted with NCDOT. Mr. Smith
18 confirmed that a traffic impact analysis would be completed prior to any construction.

19
20 There being no further comments, Chair Puckett closed the public hearing.

21
22 There being no further questions or comments for staff, Chair Puckett asked for a motion regarding
23 the Statement of Consistency. Ms. Malit made the motion to approve, second by Mr. McClain, and
24 the motion was unanimously approved.

25
26 Chair Puckett asked for a motion regarding the Resolution to Zone. Mr. Ensley made the motion to
27 approve, second by Vice-Chair Litaker, and the motion was unanimously approved.

28
29 **CZ-2026-04 – Conditional Zoning Map Amendment – 11151 Sudbury Road**

30
31 Assistant Planning Director Elizabeth McCarty provided details for case #CZ-2026-04, attached and
32 made part of these minutes as Exhibit 3; and identified the applicant, address, and size of the
33 property. Ms. McCarty stated that the request is to amend the existing conditions of approval
34 associated with rezoning case CZ-2021-19, which permitted a 63-unit single-family residential
35 development as Residential 8-Conditional Zoning (R8-CZ) district on annexed property
36 approximately 33.3 acres located at 11151 Sudbury Road. The zoning designation would remain the
37 same R8-CZ, but the requested amendment to the conditions would allow for a new public
38 elementary school and associated site amenities.

39
40 Ms. McCarty directed the Commission’s attention to case maps, further illustrating the location,
41 current and surrounding zoning districts, existing property uses, as well as the Character Area as
42 determined by the Move Kannapolis Forward 2030 Comprehensive Plan (“2030 Plan”). She further
43 directed the Commission’s attention to site photos, stating that staff found consistency with the 2030
44 Plan and is recommending approval of the rezoning request with the following conditions:

- 1 1. The conditions and conceptual site plan applicable to the previous conditional rezoning
2 approval, Case #CZ-2021-19, are removed and replaced with the conditions below.
- 3 2. The permitted uses allowed by this rezoning shall include the uses, densities, and intensities
4 as shown on the conceptual site plan approved with this rezoning. The intent of this rezoning
5 is to allow for a public elementary school and associated amenities.
- 6 3. NCDOT driveway permit shall be obtained for the proposed access.
- 7 4. The Traffic Impact Analysis shall be completed and submitted to City staff. Recommended
8 improvements shall be coordinated with NCDOT.
- 9 5. The development depicted on the rezoning site plan is schematic in nature and is intended to
10 show the general arrangement of such uses and improvements on the site. Accordingly, the
11 ultimate layout, locations and sizes of the development and site elements depicted on the
12 Rezoning Plan are graphic representations, and they may be altered or modified in
13 accordance with the City of Kannapolis Development Ordinance.
- 14 6. A final site plan, in compliance with the applicable Kannapolis Development Ordinance
15 standards, shall be submitted to and approved by City Staff prior to issuance of a Zoning
16 Clearance permit.
- 17 7. The development shall comply with the current Land Development Standards Manual.

18
19 Ms. McCarty reminded the Commission of the actions requested, concluded her presentation, and
20 made herself available for questions. She shared that the applicant was present.

21
22 Chair Puckett asked for clarification of the traffic impact analysis and when that is to be completed.
23 Ms. McCarty responded that the applicant could provide further detail and progress on their TIA.

24
25 Applicant Brian Cone, the Executive Director of Construction Planning for Cabarrus County
26 Schools, provided introduction to the Commission. He responded that the traffic impact analysis
27 process and all required improvements would need to be completed prior to the opening of the
28 school, which is scheduled for August 2028. Chair Puckett asked if that approval would come from
29 NCDOT. Mr. Cone confirmed. He then explained that the division office in Albemarle is the
30 governing arm for Cabarrus County. Mr. Cone continued that the division works closely with
31 Raleigh and the Municipal School Transportation Assistant group (MSTA) who governs and
32 mitigates school impacts on state highway roadway systems.

33
34 Mr. Ensley shared observation that Sudbury Road would require major improvements. He asked
35 who would bear the costs of improvement requirements. Mr. Cone responded that there had been
36 lots of discussion around the durability of Sudbury Road. He shared that the road is considered a
37 class two road structure, weighted for up to six and a half tons. Mr. Cone stated that they are
38 collaborating with NCDOT on making improvements from Davidson Road all the way over to
39 Highway 3 and Sudbury Road. He explained that NCDOT will find funding to reclaim the road to
40 build it back to the needed standard and increase the shoulder width for suitability for the traffic it
41 will support. Mr. Cone stated that the improvements required as part of the school itself will be
42 covered by Cabarrus County Schools, and it is included in their budget.

43
44 Chair Puckett asked if Mr. Cone was intending to share a presentation. Mr. Cone stated he did not
45 have a presentation for the evening but did provide the community meeting presentation included in
46 the agenda packet that provides project background and goals.

1
2 There being no further questions from the Commission, Chair Puckett opened the public hearing

3
4 Keith Wayne, owner of Concrescere Corporate Park, shared a brief background to the Commission
5 regarding his own previous rezoning about fifteen years prior. He shared that as a business owner
6 and resident, his rezoning for the corporate park was seen as controversial by annexing into the City
7 within that area the county. Mr. Wayne expressed his great anticipation of the employment center
8 created would be a positive and progressive move for the community. He continued that the addition
9 of an elementary school is what he believes to be a natural progression for the community. Mr.
10 Wayne stated his support for the project and his concern about the traffic study conducted. He
11 believes that it may not go the full measure in consideration of the neighborhood, growing corporate
12 park, and future commercial development. Mr. Wayne explained there is a great amount of traffic
13 and hazardous intersection of Odell School Road and Sudbury Road. He concluded with his support
14 of the proposed project with the ask to also include adequate street infrastructure and sidewalks with
15 consideration of the residents.

16
17 Chair Puckett asked if Mr. Smith or Ms. McCarty could clarify NCDOT's requirements for the TIA
18 and if it addressed future development. Mr. Smith responded that NCDOT will address the school
19 and look at potential growth in the area. Mr. Cone explained that NCDOT does look at projected
20 growth and numbers for a build-out year of 2031. He shared that any projects within that review
21 period are considered to make sure any impacts are identified for both residential and commercial.

22
23 Mr. Smith shared that NCDOT does receive projected growth updates. He shared as recently as
24 today Cabarrus County Schools and NCDOT met and came up with four scenarios of intersection
25 improvements. Mr. Smith shared that this TIA will take more time since it must go to Raleigh for
26 review since it involves a county school.

27
28 Chair Puckett asked what the capacity is for the number of students. Mr. Cone responded that the
29 school is programmed for 842 students that includes twenty seats of EC classes and two pre-k classes
30 programmed. Mr. Cone stated the K-5 enrollment is about 805 students.

31
32 Johnnie Jones shared his support for the school. He also shared his concern for the traffic issues
33 around Odell School Road, Davidson Road, and Sudbury Road. He recommended turn lanes and
34 signal lights for areas of congestion. Mr. Jones also expressed how unfit Sudbury Road is in the
35 current condition and did not agree with its current capacity. Mr. Jones expressed that school drop
36 off lines should not back into Sudbury, further causing delays. Mr. Jones concluded by emphasizing
37 highway improvement is mandatory prior to construction.

38
39 Chair Puckett asked for further clarification if NCDOT looks at just the elementary school or
40 everything surrounding it when conducting the TIAs. Mr. Smith confirmed that review is done on a
41 macro scale, which should address the concerns shared. Mr. Cone explained there were four primary
42 study areas for the project. There were the school entrances, the intersection of Davidson Road and
43 Sudbury Road, the intersection of Sudbury Road and Odell School Road, and the intersection of
44 Sudbury Road and Highway 3. Mr. Cone explained traffic counts were conducted in those areas to
45 begin the data collection. He also shared that traffic issues from queuing capacities at some schools
46 exist due to changes in how children get to school. Mr. Cone explained post-COVID, fewer children

1 ride the bus, therefore increasing the number of car riders. He shared that a design standard of at
2 least 2,700 feet for queue capacity is required by NCDOT. Mr. Cone explained that their design is
3 close to 3,100 feet, also sharing that road network impact is minimal on a daily basis. He stated that
4 there are about thirty minutes in the morning that may be more of a primary impact, but in the
5 afternoons very minimal due to end time being 3 p.m.

6
7 Vice-Chair Litaker inquired about the actual capacity of enrollment once opened. Mr. Cone
8 responded that it is anticipated that there will be about eighty to eighty-five percent enrollment. He
9 explained it allows room for additional growth forecasted.

10
11 Chair Puckett asked for the projected school opening. Mr. Cone stated that the school is anticipated
12 to open August of 2028. Chair Puckett also asked if there were plans for any other elementary
13 schools in the northwest. Mr. Cone expressed there are not any plans for new elementary schools.
14 Mr. Cone also shared stats on surrounding elementary school capacities and plans to assist in their
15 alternatives.

16
17 Robert Dalrymple shared his support of the proposed elementary school. He also expressed his
18 concerns regarding road improvements as well as environmental concerns. Mr. Dalrymple plans to
19 create new pastures on Sudbury Road and is concerned about the potential excess runoff from the
20 current pond as well as safety for children with proximity to his electric fences for his horses.

21
22 Chair Puckett asked for clarification that site plans would address Mr. Dalrymple's concerns. Mr.
23 Smith confirmed.

24
25 Kate Tigen expressed her concern regarding the comment of no adverse impact on the environment.
26 She shared that though the project is well over thirty acres, removing just ten acres affects loss of
27 wildlife habitat, increased carbon emissions, soil erosion, disruption of the water cycle, poor air
28 quality, increased heat, and a loss of aesthetic and recreational value. Ms. Tigen also shared concern
29 regarding the many accidents that occur nearby and hopes those are accounted for in the TIA study.

30
31 Clark Stapleton shared his concern for the potential improvements to Sudbury Road to be adequate
32 for school traffic. Mr. Stapleton found a school to be valuable to the community, but overwhelming
33 to the traffic currently existing.

34
35 Rose Mantel expressed opposition to the proposed rezoning. She expressed her quality of life would
36 be greatly impacted as she lives directly across the street from the subject property. As a healthcare
37 provider, she appreciated relocating from an urban area for a better quality of work/life balance. Ms.
38 Mantel also expressed several environmental and safety concerns for the community. Those included
39 idling buses, proximity to retention ponds, and amount of traffic.

40
41 Mr. Cone addressed concerns from the public. He stated that the fourteen buses will not be staged at
42 the proposed school as it is a second-tier school with a start time of 8:15 a.m. Mr. Cone addressed
43 environmental impacts, stating civil teams minimize clearing limits and maintain as much natural
44 buffer as possible while also putting back trees. He also stated that runoff is controlled through two
45 BMP ponds that go into natural streams at a rate of flow less than what it was prior to development.

1 Mr. Ensley asked if they would be willing to work with the city arborist on the selection of trees to
2 be removed or maintained. Mr. Cone responded that it could be a possibility, however an
3 independent tree study of all trees on site would have to be conducted. Mr. Cone explained that due
4 to the topography of the property, there is a certain amount that needs to be cleared, all while
5 maintaining a natural buffer. Mr. Cone concluded with sharing he would be willing to have those
6 conversations through the plan review process.

7
8 There being no further comments, Chair Puckett closed the public hearing.

9
10 There being no further questions or comments for staff, Chair Puckett asked for a motion regarding
11 the Statement of Consistency. Vice-Chair Litaker made the motion to approve, second by Mr.
12 Ensley, and the motion was unanimously approved.

13
14 Chair Puckett asked for a motion regarding the Resolution to Zone. Mr. Ensley made the motion to
15 approve, second by Vice-Chair Litaker, and the motion was unanimously approved.

16
17 **PLANNING DIRECTOR UPDATE**

18 Mr. Smith provided the Commission with several updates. He shared the Planning and Zoning
19 quarterly report for the first quarter of 2026. The report covered metrics for zoning permits, code
20 enforcement cases, plat and subdivision review, and Board cases, all in alignment or ahead of prior
21 fiscal year's metrics.

22
23 Mr. Smith shared that Lowe's Foods is anticipated to be completed by June of this year. The opening
24 date for Harris Teeter is projected towards the end of 2027. He explained that property housing the
25 Harris Teeter and townhomes has seen a tremendous amount of grading and is well underway.

26
27 Mr. Smith shared that there were seven applications submitted for non-residential wastewater
28 allocation. He explained that the applicants will be notified by the end of April on project
29 determination. Mr. Smith also shared that the most recent text amendments TA-2026-01 would be
30 presented to City Council at their April 27th meeting.

31
32 Mr. Smith reminded the Commission that City Council had voted to dissolve the Extra Territorial
33 Jurisdiction (ETJ) as of June 30, 2026. He thanked Mr. McClain for his service to the Commission
34 as the ETJ representative.

35
36 To conclude with development items, Mr. Smith shared that the Irish Creek property is expected to
37 be sold within the next month and a half. He then made himself available for any questions.

38
39 Chair Puckett inquired about any updates on Block 6 downtown. Mr. Smith stated there was not any
40 movement at this time.

41
42 Chair Puckett then asked if there was any text in the ordinance prohibiting data centers. Mr. Smith
43 shared that with the constraints with sewer allocation, that would be a way to limit these types of
44 uses. He explained that they utilize a great amount of water, which in turn creates wastewater. Chair
45 Puckett expressed disapproval of data centers and referred to the construction of the new Amazon
46 facility. He asked if there could be a text amendment to the KDO to prohibit data centers in the

1 future. Mr. Smith responded that across the state, planners have faced this question. He explained an
2 amendment would be possible if City Council sees fit.

3
4 Chair Puckett asked Mr. Cone the timeline on Northwest Cabarrus High School. Mr. Cone responded
5 that the funding schedule will go to the LDC in May for the elementary school and for Northwest
6 Cabarrus High School to get those two funded. He shared that groundbreaking is anticipated for June
7 2026 with an opening date of August 2029 with a thirty-four month build schedule.

8
9 Ms. Stein inquired about the concern for data centers. Mr. Ensley responded that they utilize a lot of
10 water for operation. Mr. Smith explained that they also utilize high value and larger properties, with
11 very large footprints. Mr. Ensley included the high energy usage.

12
13 Mr. Ensley asked if there was any allocation for residential projects. Mr. Smith responded that he
14 did not foresee any in the near future.

15
16 Chair Puckett asked if there was a non-official moratorium for residential projects. Mr. Smith stated
17 that there has been no action taken to enact a moratorium. He shared there would be further
18 discussion at City Council meetings regarding the city's expansion and implications for the
19 wastewater treatment plant. Mr. Smith shared there have been options presented to City Council,
20 they will further deliberate and decide what direction to go regarding wastewater allocation.

21
22 Mr. Ensley asked if there were conversations with Salisbury regarding the water allocation. Mr.
23 Smith confirmed it was an option provided to City Council.

24
25 Chair Puckett thanked Ms. Russell and Ms. McCarty for their assistance throughout the past several

Planning and Zoning Commission Agenda Staff Report
May 19, 2026

To: Planning and Zoning Commission
From: Lauren Russell, Planner
Subject: Z-2026-06 - Zoning Map Amendment - 307 S. Little Texas Road

Actions Requested by Planning & Zoning Commission

1. Hold Public Hearing
2. Motion to adopt Statement of Consistency
3. Motion to adopt Resolution to Zone

Decision and Required Votes to Pass Requested Actions

Section 2.3.B.(1)a of the Kannapolis Development Ordinance (KDO) allows the Planning and Zoning Commission to render a final decision on a rezoning request. If there is a denial, an approval by a vote of less than three-fourths, or an appeal of the decision, then only City Council shall have final decision-making authority. Any final decision rendered by the Commission may be appealed within fifteen (15) days to City Council.

Background & Project Overview

The applicant, Andy Robinson/DNA Construction NC LLC, is requesting to rezone property located at 307 S. Little Texas Road from City of Kannapolis Residential 4 (R4) to City of Kannapolis Residential 6 (R6) zoning district. The subject property is further identified as Cabarrus County Parcel Identification Number 56233325150000 and is approximately 0.56 +/- acres. If the requested R6 zoning designation is approved, any of the permitted uses in the R6 zoning district would be allowed on the property.

Policy Issues

Section 2.5.A.(2).c. of the KDO states that Amending the Zoning Map is a matter committed to the legislative discretion of the Planning and Zoning Commission or of the City Council, as authorized by this section. In determining whether to adopt or deny the proposed amendment, the Planning and Zoning Commission or City Council, as applicable, may consider, and weigh the relevance of, whether and to what extent the proposed Zoning Map amendment:

1. **Is the proposed rezoning consistent with the Comprehensive Plan and other applicable adopted City plans?** Yes. This parcel is located within the "Complete Neighborhood 1" Character Area as designated in the *Move Kannapolis Forward 2030 Comprehensive Plan*. The "Complete Neighborhood 1" Character Area promotes single-family detached residential and single-family attached residential as primary uses.
2. **Is the proposed rezoning in conflict with any provision of this Ordinance or the City Code of Ordinances?** No. The City of Kannapolis R6 zoning designation is appropriate for the parcel.
3. **Does the proposed rezoning correct an error in the existing zoning present at the time it**

was adopted? No. The proximity to existing single-family detached dwellings and consistency with the "Complete Neighborhood 1" Character Area make the requested R6 zoning district an appropriate change.

4. **Does the proposed rezoning allow uses that are compatible with existing and allowed uses on surrounding land and with the stability and character of any adjacent residential neighborhoods?** Yes. The R6 zoning designation is compatible with existing and allowed uses on surrounding land. Surrounding uses are single-family detached residential and Forest Park Elementary School. The surrounding single-family detached dwellings are zoned City of Kannapolis Residential 4 (R4) and City of Kannapolis Residential 8 (R8). Forest Park Elementary School is also zoned R8.
5. **Does the proposed rezoning ensure efficient development within the City, taking into consideration the capacity and safety of the street network, the adequacy of public facilities, the suitability of the land for the uses allowed under the existing zoning, and other relevant considerations?** Yes. The requested zoning allows for a use that is compatible with existing adjacent residential uses. Sewer and water are accessible. The subject property is located adjacent to roads with adequate capacity and safety.
6. **Does the proposed rezoning result in a logical and orderly development pattern, taking into consideration the size of the subject lands and the zoning and existing and proposed development on surrounding lands?** Yes. The requested zoning allows for a use that is compatible with existing adjacent residential uses. The surrounding properties are zoned R4 and R8.
7. **Does the proposed rezoning result in significant adverse impacts on the natural environment, including but not limited to water, air, noise, storm water management, wildlife, vegetation, wetlands, and the natural functioning of the environment?** No. The site is located within the Watershed Protection Overlay District - Lake Concord Critical Area. There are no anticipated significant environmental impacts from rezoning this property. Any development will be required to conform to all applicable local, state, and federal environmental regulations.

Legal Issues

None

Findings of Consistency with Comprehensive Plan

Staff finds this rezoning **consistent** with the goals and policies of the *Move Kannapolis Forward 2030 Comprehensive Plan* ("2030 Plan"), adopted by City Council, which designates the subject property as located within the "Complete Neighborhood 1" Character Area in the *2030 Plan*. Staff finds the request for rezoning compatible with the surrounding zoning and it is not anticipated to have an adverse effect on the capacity or safety of the surrounding street network, nor anticipated to generate parking problems or any adverse impact on the environment.

Staff Recommendation and Alternate Courses of Action

Staff Recommendation:

The Planning and Zoning Commission may choose to approve or deny the petition as presented.

Based on the request being consistent with the 2030 Plan, staff recommends approval for Zoning Map Amendment Case Z-2026-06.

Alternative Courses of Action:

Motion to Approve (2 votes)

1. **Should the Commission choose to approve the request for rezoning as presented in**

Case Z-2026-06, a motion should be made to adopt the following Statement of Consistency: Staff finds this rezoning **consistent** with the goals and policies of the *Move Kannapolis Forward 2030 Comprehensive Plan ("2030 Plan")*, adopted by City Council, which designates the subject property as located within the "Complete Neighborhood 1" in the *2030 Plan*. Staff finds the request for rezoning compatible with the surrounding zoning and it is not anticipated to have an adverse effect on the capacity or safety of the surrounding street network, nor anticipated to generate parking problems or any adverse impact on the environment.

2. **Should the Commission choose to approve Case Z-2026-06, a motion should be made to adopt the Resolution to Zone.**

Motion to Deny (2 votes)

1. **Should the Commission choose to recommend denial of Case Z-2026-06, a motion should be made to adopt the following Statement of Consistency:** *The Planning and Zoning Commission finds this zoning map amendment as presented in Case Z-2026-06 to be **inconsistent** with the goals and policies of the Move Kannapolis Forward 2030 Comprehensive Plan, adopted by City Council, because (state reason(s)) and is unreasonable and not in the public interest because (state reason(s)).*
2. **Should the Commission choose to deny Case Z-2026-06, a motion should be made to deny the Resolution to Zone.**

1. Is the proposed rezoning consistent with the Comprehensive Plan and other applicable adopted City plans?

Yes. This parcel is located within the "Complete Neighborhood 1" Character Area as designated in the *Move Kannapolis Forward 2030 Comprehensive Plan*. The "Complete Neighborhood 1" Character Area promotes single family detached residential and single family attached residential as primary uses.

2. Is the proposed rezoning in conflict with any provision of this Ordinance or the City Code of Ordinances?

No. The City of Kannapolis R6 zoning designation is appropriate for the parcel.

Yes. The R6 zoning designation is compatible with existing and allowed uses on surrounding land. Surrounding uses are single-family detached residential and Forest Park Elementary School. The surrounding single-family detached dwellings are zoned City of Kannapolis Residential 4 (R4) and City of Kannapolis Residential 8 (R8). Forest Park Elementary School is also zoned R8.

5. Does the proposed rezoning ensure efficient development within the City, taking into consideration the capacity and safety of the street network, the adequacy of public facilities, the suitability of the land for the uses allowed under the existing zoning, and other relevant considerations?

Yes. The requested zoning allows for a use that is compatible with existing adjacent residential uses. Sewer and water are accessible. The subject property is located adjacent to roads with adequate capacity and safety.

6. Does the proposed rezoning result in a logical and orderly development pattern, taking into consideration the size of the subject lands and the zoning and existing and proposed development on surrounding lands?

Yes. The requested zoning allows for a use that is compatible with existing adjacent residential uses. The surrounding properties are zoned R4 and R8.

7. Does the proposed rezoning result in significant adverse impacts on the natural environment, including but not limited to water, air, noise, storm water management, wildlife, vegetation, wetlands, and the natural functioning of the environment?

Subject: Z-2026-07 - Zoning Map Amendment - Extra Territorial Jurisdiction

Actions Requested by Planning & Zoning Commission

1. Hold Public Hearing
2. Motion to adopt Statement of Consistency
3. Motion to adopt Resolution to Zone

Decision and Required Votes to Pass Requested Actions

Section 2.3.B.(1)a of the Kannapolis Development Ordinance (KDO) allows the Planning and Zoning Commission to render a final decision on a rezoning request. If there is a denial, an approval by a vote of less than three-fourths, or an appeal of the decision, then only City Council shall have final decision-making authority. Any final decision rendered by the Commission may be appealed within fifteen (15) days to City Council.

Background & Project Overview

City Council has directed staff to take the necessary steps in order to relinquish the Extra Territorial Jurisdiction (ETJ) area located in Rowan County. The impacted properties are approximately 2,151.81 +/- acres in total and the Parcel Identification Numbers are attached.

ETJs were created by the legislature years ago in order to allow municipalities to have some enforcement powers within areas that were considered their future growth areas and overall spheres of influence. Municipalities are authorized to exercise zoning, subdivision, building code, and other development regulations in a defined area just outside of the municipal boundary. The purpose of this statutory authority is rooted in community growth. Development commonly occurs on the outskirts of the city and often just across the formal municipal boundary.

The establishment of the ETJ recognized that the city has an interest in the style and pace of growth in its peripheral area, particularly if the area is likely to be annexed or to receive municipal services. However, the ETJ was a stronger growth tool when municipalities exercised involuntary annexation authority. Since that authority no longer exists, some municipalities have decided to relinquish their ETJ area for administrative, financial, political, or other reasons. At the March 9, 2026, City Council meeting, staff sought direction on whether to maintain the current ETJ boundaries or pursue any modifications moving forward. After Council discussion, it was determined that we should move forward with the relinquishment of the ETJ. The effective date of City Council's resolution is June 30, 2026, to allow Rowan County an opportunity to apply their respective zoning to this area. Consistent with general statutes, the City will issue permits until 60 days after the effective date of the resolution.

Staff held an informational meeting on May 12, 2026, from 6pm to 7:30pm at the Kannapolis Train Station to address property owners' questions and to hear their concerns about the removal of the ETJ. There were more than 70 property owners in attendance at the community meeting. The primary

concerns of attendees included involuntary annexation, changes in emergency services, increases in taxes, and questions about Rowan County's zoning. Staff explained that annexation is exclusively voluntary and that zoning and minimum housing standards (and the enforcement of these regulations) are the only things changing with the relinquishment of the ETJ.

Staff noted the request to relinquish the City of Kannapolis Extra Territorial Jurisdiction (ETJ) at a previous meeting of the Planning and Zoning Commission and is now bringing it forward for formal consideration. The effective date of the zoning map amendment will be August 31, 2026, which coincides with the resolution effective date plus the statutory 60 days from that date for permitting to remain with the City.

Policy Issues

Section 2.5.A.(2).c. of the KDO states that Amending the Zoning Map is a matter committed to the legislative discretion of the Planning and Zoning Commission or of the City Council, as authorized by this section. In determining whether to adopt or deny the proposed amendment, the Planning and Zoning Commission or City Council, as applicable, may consider, and weigh the relevance of, whether and to what extent the proposed Zoning Map amendment:

- 1. Is the proposed rezoning consistent with the Comprehensive Plan and other applicable adopted City plans?** Yes. Although the *Move Kannapolis Forward 2030 Comprehensive Plan* ("2030 Plan") includes the ETJ in the future land use map, relinquishing the ETJ is consistent with the 2030 Plan's broader goals. The 2030 Plan's vision framework includes Kannapolis "grow[ing] in a fiscally balanced way that considers the long term impacts of development." Revenue and activity in the ETJ have been limited, while enforcement authority is limited to zoning issues. By relinquishing the ETJ area, the City of Kannapolis will be more aligned with the 2030 Plan's vision framework of being fiscally balanced while guiding growth.
- 2. Is the proposed rezoning in conflict with any provision of this Ordinance or the City Code of Ordinances?** No. The request to relinquish the City of Kannapolis ETJ area located in Rowan County aligns with the Ordinance to Relinquish the City of Kannapolis Extra Territorial Jurisdiction (ETJ) adopted by City Council on March 23, 2026.
- 3. Does the proposed rezoning correct an error in the existing zoning present at the time it was adopted?** No. The proposed rezoning is to relinquish the City of Kannapolis ETJ area located in Rowan County.
- 4. Does the proposed rezoning allow uses that are compatible with existing and allowed uses on surrounding land and with the stability and character of any adjacent residential neighborhoods?** Yes. Rowan County will determine the appropriate county zoning to assign for compatibility with existing uses and character.
- 5. Does the proposed rezoning ensure efficient development within the City, taking into consideration the capacity and safety of the street network, the adequacy of public facilities, the suitability of the land for the uses allowed under the existing zoning, and other relevant considerations?** Yes. The requested relinquishment of the ETJ enables the City of Kannapolis to focus on development within its established corporate jurisdiction.
- 6. Does the proposed rezoning result in a logical and orderly development pattern, taking into consideration the size of the subject lands and the zoning and existing and proposed development on surrounding lands?** Yes. The requested relinquishment of the ETJ results in a logical zoning map that is within the City's jurisdiction. Development activity in the ETJ has been limited, so its relinquishment does not disrupt the City's logical and orderly development pattern.

7. **Does the proposed rezoning result in significant adverse impacts on the natural environment, including but not limited to water, air, noise, storm water management, wildlife, vegetation, wetlands, and the natural functioning of the environment?** No. There are no anticipated significant environmental impacts from rezoning this property. Future development will follow Rowan County's environmental standards as well as state and federal regulations.

**RESOLUTION TO ADOPT A STATEMENT OF CONSISTENCY
WITH REGARD TO CASE #Z-2026-07**

WHEREAS, Sections 160D-604 and 160D-605 of the North Carolina General Statutes specify that when adopting or rejecting any zoning amendment, the governing board shall also approve a statement describing whether its action is consistent with an adopted comprehensive plan and any other officially adopted plan that is applicable and explain why the action taken is reasonable and in the public interest; and

WHEREAS, Section 2.3.B(1).a. of the Kannapolis Development Ordinance delegates final authority to the Planning and Zoning Commission on zoning map amendments subject to an affirmative vote of three-fourths of the Commission members present and not excused from voting, or if there is no appeal of the decision; and

WHEREAS, on May 19, 2026, the Planning and Zoning Commission conducted a public hearing to consider a request to amend the City of Kannapolis zoning map, effective June 30, 2026, to remove approximately 2,151.81 +/- acres of property within the Extra Territorial Jurisdiction located in Rowan County; and

NOW, THEREFORE BE IT RESOLVED *The Planning and Zoning Commission finds this rezoning consistent with the goals and policies of the Move Kannapolis Forward 2030 Comprehensive Plan (“2030 Plan”), adopted by City Council. Staff finds the request compatible with the surrounding zoning, and it is not anticipated to have an adverse effect on the capacity or safety of the surrounding street network, nor anticipated to generate parking problems or any adverse impact on the environment.*

WHEREAS, development authority of the Extra Territorial Jurisdiction area shall be relinquished to Rowan County effective June 30, 2026; and

WHEREAS, the Commission has approved the request for rezoning and found it to be consistent with the City of Kannapolis *Move Kannapolis Forward, 2030 Comprehensive Plan*, reasonable and in the public interest; and

WHEREAS, per Section 2.5.A.(2).c of the Kannapolis Development Ordinance, the Planning and Zoning Commission makes the following findings in support of and in analysis of the rezoning:

1. Is the proposed rezoning consistent with the Comprehensive Plan and other applicable adopted City plans?

Yes. Although the *Move Kannapolis Forward 2030 Comprehensive Plan* ("2030 Plan") includes the ETJ in the future land use map, relinquishing the ETJ is consistent with the 2030 Plan's broader goals. The 2030 Plan's vision framework includes Kannapolis "grow[ing] in a fiscally balanced way that considers the long term impacts of development." Revenue and activity in the ETJ have been limited, while enforcement authority is limited to zoning issues. By relinquishing the ETJ area, the City of Kannapolis will be more aligned with the 2030 Plan's vision framework of being fiscally balanced while guiding growth.

2. Is the proposed rezoning in conflict with any provision of this Ordinance or the City Code of Ordinances?

No. The request to relinquish the City of Kannapolis ETJ area located in Rowan County aligns with the Ordinance to Relinquish the City of Kannapolis Extra Territorial Jurisdiction (ETJ) adopted by City Council on March 23, 2026.

3. Does the proposed rezoning correct an error in the existing zoning present at the time it was adopted?

No. The proposed rezoning is to relinquish the City of Kannapolis ETJ area located in Rowan County.

4. Does the proposed rezoning allow uses that are compatible with existing and allowed uses on surrounding land and with the stability and character of any adjacent residential neighborhoods?

Yes. Rowan County will determine the appropriate county zoning to assign for compatibility with existing uses and character.

5. Does the proposed rezoning ensure efficient development within the City, taking into consideration the capacity and safety of the street network, the adequacy of public facilities, the suitability of the land for the uses allowed under the existing zoning, and other relevant considerations?

Yes. The requested relinquishment of the ETJ enables the City of Kannapolis to focus on development within its established corporate jurisdiction.

6. Does the proposed rezoning result in a logical and orderly development pattern, taking into consideration the size of the subject lands and the zoning and existing and proposed development on surrounding lands?

Yes. The requested relinquishment of the ETJ results in a logical zoning map that is within the City's jurisdiction. Development activity in the ETJ has been limited, so its relinquishment does not disrupt the City's logical and orderly development pattern.

7. Does the proposed rezoning result in significant adverse impacts on the natural environment, including but not limited to water, air, noise, storm water management, wildlife, vegetation, wetlands, and the natural functioning of the environment?

No. There are no anticipated significant environmental impacts from rezoning this property. Future development will follow Rowan County's environmental standards as well as state and federal regulations.

NOW, THEREFORE BE IT RESOLVED by the City of Kannapolis Planning and Zoning Commission that the City of Kannapolis zoning map be amended, effective June 30, 2026, to remove City of Kannapolis zoning from property within the Extra Territorial Jurisdiction in Rowan County.
