CALL TO ORDER AND WELCOME

Mayor Wilson called the meeting to order and welcomed all in attendance.

PLEDGE OF ALLEGIANCE

Council Member Berry led the Pledge of Allegiance.

ADOPTION OF AGENDA

Mayor Wilson called for a motion regarding the Agenda. Council Member Dixon made the motion to approve, second by Council Member Berry and unanimously approved.

Mayor Wilson recognized City Manager Wilmer Melton, who reported that he had received a letter from Peter Flotz, managing partner of LMG (Lansing Melbourne Group), the developer proposing a downtown hotel project. Mr. Melton advised that copies of the letter had been provided to Council and explained that its purpose was to clarify miscommunication from the previous meeting. Reading excerpts, the letter emphasized that LMG's ongoing financing efforts should not be interpreted as a lack of confidence in the City, City Council, or City staff. Rather, the company reaffirmed its strong commitment to the project and its partnership with the City.

RECOGNITION AND PROCLAMATIONS

Police Chief Terry Spry announced the completion of the Police Department's 11th Citizens Academy and introduced Deputy Police Chief Chris Hill, who provided an overview of the program. Deputy Chief Hill explained that the Academy is designed to foster meaningful relationships between the Police Department and the community by promoting transparency and providing participants with an inside look at police operations.

Chief Spry and Deputy Chief Hill then presented certificates of completion to the following graduates: Adam Demon, Christopher R., Demetra Grigley, Donell Aikens, Gloria Talbert, Jackson Haire, Jailene Lopez, Jamie Simons, Justin Knoll, Leikela R., Molly Eberle, Nick Eberle, Pamela Phifer, Ronald Flanders, Stephanie Forman and Susan Price.

Proclamations recognizing the 250th anniversary of the United States of America and the month of July as Parks and Recreation Month were read and presented by Council Members Hatchell and Dixon (respectively).

SPEAKERS FROM THE FLOOR

Mayor Wilson acknowledged those who had signed up to speak on the transit matter, stating that that the City had reached a solution that would allow transit service to continue for another year without any reduction in routes or services. He expressed appreciation to Mr. Melton for his assistance in working through the issue and noted that the matter had been successfully resolved. He acknowledged Mr. Melton for comments regarding a separate issue.

1
2 Mr. Melton expressed appreciation to everyone who attended the Juneteenth Festival at Veterans
3 Park, noting that the event was a successful and meaningful celebration made possible by the
4 community's participation. He addressed confusion regarding a separate event held nearby,
5 explaining that the area known as the "horseshoe" was rented for a private event organized by
6 Southern Bikes and Nights, a food and entertainment event held from Friday through Sunday. The
7 event was separate from the Juneteenth Festival and had no affiliation with it. Mr. Melton added that
8 the City was not aware that one of the vendors at the private event would be selling and demonstrating
9 the use of whips. He noted that the private organizer confirmed there was no intent to offend or create
10 any association with Juneteenth. He apologized that the situation resulted in a negative connection to
11 an otherwise positive and significant community celebration and reaffirmed the City's commitment
12 to providing quality, family-friendly events for the entire community.
13

14 Beth Goodman speaking on behalf of Keisha Sandage, described the experience of attending the
15 Juneteenth celebration and encountering whip sales and cracking demonstrations at the adjacent
16 private event. She raised concerns about the historical symbolism of whips as instruments of slavery-
17 era violence and asked Council to review how the event was approved, who authorized the activity,
18 and what safeguards would be put in place to prevent similar incidents in the future.
19

20 Justin Lewter thanked Council for addressing the transit issue and expressed appreciation for Mr.
21 Melton's remarks on the Juneteenth incident. As a descendant of enslaved Africans connected to a
22 North Carolina plantation, Mr. Lewter expressed personal impact from the incident and urged Council
23 to collaborate with the community to prevent future incidents.
24

25 Kim Lewter spoke as a community member, mother, educator, and organizer of the Juneteenth
26 celebration. She acknowledged Mr. Melton's comments but emphasized the importance of hearing
27 directly from those most impacted. She described witnessing children being invited to crack whips in
28 close proximity to the Juneteenth celebration, calling it a failure of historical awareness and cultural
29 sensitivity. She pressed Council on what steps would be taken to ensure it would not happen again.
30

31 Darrell Hinnant thanked Council for maintaining the full transit system for another year,
32 characterizing it as a wise decision that gives the community time to develop better alternatives. He
33 also urged Council to move forward immediately with construction of Eastside Park, presenting a
34 financial analysis suggesting that borrowing \$5 million at 5% interest over 10 years would result in
35 an annual payment of approximately \$650,000, an amount he argued is easily absorbable within the
36 current budget without a tax increase. He questioned the necessity of a \$40 million bond referendum
37 when the park could be funded without asking citizens to vote for a tax increase.
38

39 Dan Redding, a Cabarrus County Commissioner, commended Council for choosing to maintain
40 transit routes. He acknowledged the attendance of Council members and Mr. Melton at a recent transit
41 summit and emphasized that for 93% of CKR riders, households earning under \$40,000 per year, bus
42 service is not optional. He called on local governments to collaborate on expanding and improving
43 transit as the region grows.
44

45 Willie Rash thanked Council for their transit decision and affirmed that transit access is essential for
46 many residents who cannot afford alternatives. He offered words of encouragement to the Council.
47

1 Gary Walter advocated for a downtown visitor center and history museum. He described the original
2 vision for downtown Kannapolis as requiring anchor institutions and argued that museums and visitor
3 centers function as community hubs, economic drivers, and tourism assets. He noted that cities of all
4 sizes across North Carolina operate such facilities and that a well-placed museum would support the
5 downtown destination vision.
6

7 Tracy Caldwell thanked Kannapolis City for allowing open civic participation. He reflected on the
8 City's growth and investment, noting that while major development had occurred downtown and at
9 the research campus, residents across all parts of the city, particularly lower-income areas, deserve
10 equitable investment. He referenced the City's budget and CDBG funds, urging Council to ensure
11 resources reach those most in need
12

13 MorAthi Howie described personally witnessing the whip demonstration at the event adjacent to the
14 Juneteenth festival and expressed alarm as both a parent and experienced event coordinator. He noted
15 that his young son had been invited by the vendor to crack a whip, which he found deeply troubling.
16 He called on Council to consider requiring a public apology from the private event organizer.
17

18 LeChisa Bailey raised concern about the reputational damage caused to both the Juneteenth festival
19 and the vendor, whose business, the James River Show, primarily serves the equestrian industry, due
20 to the lack of separation and contextual awareness between the two simultaneous events. She asked
21 Council what processes would be implemented to protect both community events and participating
22 businesses from unforeseeable reputational harm arising from poorly coordinated co-located events.
23

24 Phil Goodman advocated for a downtown visitor center and history museum, noting that cities across
25 North Carolina support such facilities. He clarified that funds previously set aside for a museum are
26 designated for that purpose and would not be drawn from parks, sidewalks, or transit. He also
27 commended Council for its professionalism and cohesion over a difficult several months, and noted
28 that the Eastside Park had been postponed, not canceled.
29

30 **CONSENT AGENDA**

31 Mayor Wilson called for a motion regarding the Consent Agenda. Mayor Pro Tem Dayvault made the
32 motion to approve, second by Council Member Hatchell and the motion carried unanimously.

11 **BUSINESS AGENDA**

12 **Ordinance –FY 2026-2027 Budget (City Manager, Wilmer Melton) (Copy included as Agenda** 13 **Item G.A.)**

14 Mr. Melton presented the FY 2026-2027 budget adoption process, noting that Council is being asked
15 to take three actions: adoption of the fee schedule, adoption of the budget ordinance itself, and
16 approval of the FY2027 position classification schedule. He noted that the fee schedule establishes
17 the corporate agency component of the budget and must be adopted first, as it underpins all subsequent
18 budget actions. He confirmed that council-requested modifications throughout the budget process had
19 been incorporated into the document.
20

21 Council Member Jackson made motion to approve the proposed fee schedule, second by Council
22 Member Payne and the motion was unanimously approved.
23

24 Mr. Melton stated that the general fund budget, originally proposed at \$89.8 million, has increased to
25 \$90 million due to stronger-than-anticipated sales tax revenues, which increased projected General
26 Fund revenues by approximately \$200,000. He reiterated that transit service changes had been
27 discussed extensively, and that a solution had been reached to maintain all existing routes for another
28 year, providing time to evaluate and improve the system. He noted that the ordinance establishes the
29 appropriations and spending authority for all seven of the City's annual operating funds and
30 incorporates the approved revisions to both the General Fund and Transit Fund budgets
31

32 Council Member Dixon made the motion to approve the Budget Ordinance, second by Mayor Pro
33 Tem Dayvault and the motion was unanimously approved.
34

35 Mr. Melton presented the final budget action item, the adoption of the FY 2027 Position Classification
36 Plan. In accordance with the City's personnel policy, City Council is required to approve the salary
37 ranges for all position classifications. He noted that the Position Classification Plan is included as part
38 of the FY 2027 budget.
39

40 Mayor Pro Tem Dayvault made the motion to approve the FY2027 position classification schedule,
41 second by Council Member Payne and the motion was unanimously approved.
42

43 **Resolution – Second Amendment to Joint Interlocal Agreement with City of Concord (Wilmer** 44 **Melton, City Manager) (Copy included as Agenda Item G.B.)**

45 Mr. Melton presented the amended Interlocal Agreement with the City of Concord regarding the
46 transit system. He noted that the agreement extends to June 30, 2027 for \$1,200,000 and restores all
47 routes and weekend services. The year extension will allow both municipalities time to review and
48 improve the system.
49

1 Mayor Pro Tem Dayvault acknowledged and thanked Mayor Wilson and Mr. Melton for their time
2 and work to renegotiate the terms with Concord. He then made the motion to approve the amendment,
3 second by Council Member Dixon, and the motion was unanimously approved.
4

5 **Public Hearing – (A-2026-05) 0.288 +/- acres of unaddressed contiguous property located on**
6 **South Chapel Street (Rowan County Parcel Identification Number 156 084) (Richard Smith,**
7 **Planning Director) (Copy included as Agenda Item G.C.)**

8 Planning Director Richard Smith presented a voluntary annexation request submitted by Eric Troyer
9 for a single unaddressed parcel of approximately 0.288 acres located on the corner of 31st Street and
10 South Chapel Street. The parcel is contiguous with the existing city boundary, lies within the city's
11 future growth area, and is intended for residential use. Mr. Smith noted that the parcel has access to
12 city water but not city sewer, limiting development potential to no more than two homes.
13

14 There being no questions or comments for staff, Mayor Wilson opened the public hearing which was
15 then closed without comment. He then called for a motion regarding the Ordinance to extend the
16 City's corporate limits to the subject property. Motion to approve the Ordinance was made by Council
17 Member Payne, second by Council Member Berry and the motion was unanimously approved.
18

19 **Public Hearing – (A-2026-06) 20.05 +/- acres of contiguous property located at 6758 Davidson**
20 **Highway and an Unaddressed Parcel on Davidson Highway (Richard Smith, Planning Director)**
21 **(Copy included as Agenda Item G.D.)**

22 Mr. Smith presented a second voluntary annexation for approximately 20.05 acres located adjacent
23 to and abutting the Amazon facility on Highway 73 (Davidson Highway). He added that the request
24 was submitted by Trackhouse Entertainment Group, LLC.
25

26 There being no questions or comments for staff, Mayor Wilson opened the public hearing which was
27 then closed without comment. He then called for a motion regarding the Ordinance to extend the
28 City's corporate limits to the subject property. Motion to approve the Ordinance was made by Council
29 Member Payne, second by Mayor Pro Tem Dayvault and the motion was unanimously approved.
30

31 **Public Hearing - Text Amendment (TA-2026-02) to several sections of the Kannapolis**
32 **Development Ordinance (KDO) related to the Extra Territorial Jurisdiction (ETJ) (Richard**
33 **Smith, Planning Director) (Copy included as Agenda Item G.E.)**

34 Mr. Smith directed Council's attention to the proposed amendments noting that all amendments are
35 related to relinquishment of the ETJ and references to the same in the KDO. He added that Rowan
36 County will assume the ETJ on June 30, 2026, with a 60-day transition period.
37

38 Mayor Pro Tem Dayvault commented that the ETJ has been an unfair burden to Rowan County
39 residents not represented by Council and that he is happy with removal of the ETJ.
40

41 There being no further questions or comments, Mayor Wilson opened the public hearing which was
42 then closed without comment.
43

44 Mayor Wilson called for a motion regarding the Statement of Consistency. Council Member Jackson
45 made the motion to approve, second by Council Member Dixon and the motion unanimously
46 approved.
47

1 Mayor Wilson called for a motion regarding the Ordinance to amend the KDO. Motion to approve
2 the Ordinance was made by Council Member Payne, second by Council Member Berry and the
3 motion unanimously approved.
4

5 **Go Bond Introduction and Resolution (Tina Cline, Assistant City Manager and Gary Mills,**
6 **Parks & Recreation Director) (Copy included as Agenda Item G.F.)**

7 Mrs. Cline stated that there are two more actions required by Council before the Bond process can
8 move forward but wanted to provide an opportunity to discuss a possible reduction in the bond from
9 \$40,000,000 to \$38,000,000 and invited Gary Mills to discuss that option further. Mr. Mills stated
10 that he had received feedback that \$40,000,000 was too much and that now is the appropriate time to
11 reduce the amount if that is what Council would like to do.
12

13 Council Member Hatchell asked which projects would be cut if Council lowered the bond amount.
14 Mr. Mills responded that Glenn Avenue is not designated as a project in their Comprehensive Plan
15 and that if the bond amount is reduced, staff would cut that project. He noted that the bond referendum
16 does not dedicate funding to specific projects; rather, the funds may be used for any Parks and
17 Recreation capital project. Current priority projects include East Side Park, West Side Park, Rocky
18 River Greenway, Irish Buffalo Creek Greenway Phases I and II, the Gem Theater, and Glen Avenue,
19 with the flexibility to adjust the order of implementation over the next ten years if the bond is
20 approved.
21

22 Council Member Darrell Jackson asked about the funding required for East Side Park. Mr. Mills
23 responded that the current project estimate is approximately \$6.5–6.6 million, excluding a \$500,000
24 project grant, and recommended budgeting approximately \$7 million to provide a contingency. He
25 indicated that East Side Park would likely be the first priority if the bond referendum passes in
26 November, although bonds could not be issued until approximately March or April of the following
27 year before construction could begin. He also clarified that any tax rate increase would occur only as
28 bonds are issued, not immediately upon voter approval of the full bond authorization. For example,
29 issuing \$7 million in bonds for East Side Park would affect the tax rate only for that amount, rather
30 than the entire authorized bond package. He stressed that the projected tax impact is spread over a
31 ten-year period and assumes no growth in the city's tax base. The discussion then returned to whether
32 to make a motion to reduce the proposed bond amount from \$40 million to \$38 million or leave it
33 unchanged. There was no motion to change the bond amount.
34

35 Mrs. Cline read the Bond Order into the record. Mayor Pro Tem Dayvault made motion to approve
36 the Order, second by Council Member Payne and the motion unanimously approved.
37

38 Mrs. Cline stated that the final action requested is to adopt the Resolution setting the public hearing
39 on the Bond Order for July 13, 2026. Council Member Hatchell made the motion to approve the
40 Resolution, second by Mayor Pro Tem Dayvault and the motion unanimously approved.
41

42 **CITY MANAGER REPORT**

43 N/A
44

45 **CITY COUNCIL COMMENTS**

46 Council Member Dixon thanked the City Manager, Mayor, and staff for securing another year of CK
47 Rider transit services, recognizing its importance to residents who rely on public transportation. She
48 also praised Demetra Grigley for her leadership in organizing the third annual Juneteenth celebration,

1 acknowledging the many community partners, volunteers, vendors, and sponsors who contributed to
2 its success. She noted the positive feedback about the event, including appreciation for the Mayor's
3 remarks and the support of several Council Members, and requested that the Council formally
4 recognize Ms. Grigley for her outstanding efforts.
5

6 Mayor Pro Tem Dayvault expressed concern about the lack of communication regarding a non-City
7 event held on the campus, noting that he was unaware of it until shortly before it occurred despite his
8 long association with the campus. He emphasized the need for better communication, clearer signage,
9 and advance notification for events, particularly those held on public property. He also recommended
10 reviewing the City's special events coordination process to improve communication, clarify
11 responsibilities, and ensure that promotional materials clearly identify whether an event is City-
12 sponsored or organized by an outside group.
13

14 Council Member Hatcher thanked the Mayor and Council for their collaborative work throughout the
15 budget process, acknowledging the time and effort invested over several months. She stated that the
16 adopted budget reflected mutual compromise and a focus on meeting the needs of the community.
17 She expressed appreciation for the respectful exchange of ideas among Council members, thanked
18 the Mayor Pro Tem for his guidance on Council procedures, and recognized each Council member
19 for their contributions. She concluded by looking forward to continuing to work together to address
20 important community issues in the coming year.
21

22 Council Member Dixon also thanked Mr. Melton for his attendance at the Juneteenth celebration and
23 expressed appreciation for his dedication and outstanding service to the City. In response, Mr. Melton
24 thanked the organizers of the event and City staff that contributed.
25

26 Mayor Wilson reflected on the importance of learning and growing from challenges, encouraging
27 Council and staff to use recent experiences as opportunities for improvement. He thanked staff for
28 their dedication during the budget process, especially recognizing Mrs. Jones for managing revisions
29 and ensuring accuracy in the budget numbers, and Mrs. Scaggs for her continued support and
30 guidance. Mayor Wilson expressed appreciation to the audience and citizens for their kindness and
31 engagement, thanked everyone for their participation.
32

33 **MOTION TO ADJOURN**

34 There being no further business, Council Member Payne made the motion to adjourn, second by
35 Council Member Dixon, and the motion was unanimously approved.
36

37 The meeting adjourned at 7:27 P.M. on Monday, June 22, 2026.

Re: Downtown Kannapolis Marriott Hotel Project

Dear Wilmer,

I am writing to confirm clearly that our downtown Kannapolis hotel project remains active and that we are continuing to move it forward. The project has not been shelved, and our current efforts are focused on finalizing a financing structure that allows the project to move forward on an efficient and sustainable basis.

We are actively engaged with debt brokers and lenders now, with the goal of achieving the best possible pricing and terms for the project. As you know, financing markets have been challenging, particularly for hospitality development, but we remain committed to working through those challenges in a disciplined and constructive way.

I also want to be very clear that our continued diligence on financing should not be interpreted as a lack of confidence in the City as a whole, the Council, or City management. Quite the opposite. Kannapolis has been foundational to our company, and our commitment to the City remains strong.

We have been part of the downtown Kannapolis redevelopment story from the beginning. Between VIDA, 200 Main, Stadium Lofts, and now the hotel project, our investment in downtown Kannapolis totals approximately \$150,000,000. That level of investment reflects not only our belief in the City's vision, but also our confidence in the leadership, planning, and long-term trajectory of downtown Kannapolis. We continue to believe that the hotel project is an important component of Kannapolis' trajectory, supporting tourism, downtown retail activity, and future private investment.

As you know, our partner in the hotel project is Andy Sandler and his Family Office, Temerity Capital Partners. The Sandler family is also heavily invested in Kannapolis as the owners of the Cannon Ballers, as well as our partner in Stadium Lofts. The Sandler's are one of the owners of the Towel City Tavern and own the property on which we plan to build the hotel as well as the adjoining site next to City Hall.

Temerity has made several heretofore unsuccessful bids to purchase some of the remaining Castle and Cook properties and recently sought to buy the Old Post Office property site from the City, proposing to build 110 townhomes and some light commercial there. We understand that Temerity remains interested in pursuing that project as soon as construction on the hotel begins.

Moreover, Temerity purchased four new homes in Kannapolis in 2022 on Bellwood Place, which it uses to house Cannon Ballers players during the season. Temerity is hopeful that the successful launch of the hotel project will create momentum for additional projects in the near term. Temerity expects that, within the next few years, the total investment on its Kannapolis endeavors will exceed \$100 Million. Additionally, Temerity expects to continue bringing significant additional entertainment experiences to Atrium Health Ballpark.

We are proud of what has been accomplished together and are eager to do even more. We look forward to continuing our partnership with the City and will have one of our partners from Temerity, Alicia Amling, attend your meeting in July to provide any additional updates that would be helpful.

Thank you again for your continued communication and partnership. We appreciate the City's support and remain fully committed to moving this project forward.

Sincerely,

City Council Agenda Staff Report

Subject: **RECOGNITION** - Kannapolis Police Department 11th Citizens Academy

Recommended Action Requested by City Council

Presentation Only. No action required

Required Votes to Pass Required Action

Presentation Only. No Action Required

Background

Mayor, Members of Council. It's my pleasure to come before you tonight to recognize an outstanding group of individuals who attended and completed the department's Citizen's Police Academy.

The Citizen's Police Academy is designed to foster closer and meaningful relationships between the police department and the citizens we serve. We want these graduates to be ambassadors, not only for our department but for the entire law enforcement profession.

This academy gives students insight into all aspects of our operations that people outside the law enforcement community usually don't get the opportunity to see or experience. It's also a great way to promote the department's commitment to transparency to the community.

This is our 11th Academy Class, which started on March 5th and ended on May 14th. I want to commend the class for their enthusiasm, interest, and patience during each session. We covered a lot of topic areas and tried to do so in a way to provide them with a real-life perspective of the profession and our department, while at the same time making it fun and interesting. We tried to keep them involved, active, and give them practical hands-on segments to improve the learning experience.

I'm proud to present to you the 2026 graduating class of the Kannapolis Police Department's Citizen's Police Academy.

***City of Kannapolis, North Carolina
General Obligation Referendum
(Parks and Recreation Projects)***

Dear Brian:

Thank you for asking Parker Poe Adams & Bernstein, LLP (the “*Firm*”) to serve as bond counsel for the City of Kannapolis (the “*City*”) to assist the City with respect to a proposed referendum for General Obligation Bonds for parks and recreation projects (the “*Bonds*”).

Scope of Engagement. Our understanding is that the City is considering holding a general obligation bond referendum for the authorization of the Bonds in November 2026. As bond counsel, the Firm will provide certain legal services for the Bonds related to referendum process. Specifically, our services include:

1. participation in meetings with City staff and the City Council, as required;
2. preparation of various resolutions, bond orders and public hearing notices relating to the authorization of the referendum on the question as to whether to approve the issuance of the Bonds; and
3. participation with the Local Government Commission in the approval of the Bonds;

If the voters of the City approve the Bonds at the referendum and the City proceeds to issue the Bonds, the City and the Firm will determine at that time the services to be rendered related to the issuance of the Bonds.

The City will be represented by the City Attorney. The Firm does not represent to any other party involved in this transaction with respect to the Bonds. The scope of the legal services that the Firm will provide may be expanded during the course of this engagement pursuant to communications establishing a specific mutual understanding of the services the Firm is to perform.

Staffing and Legal Fees. I will be the City's primary contact for our Firm's work on the Bonds with support from Andy Walsh and our tax partner, Mike Larsen. The firm will provide bond counsel services on the following basis: if the City determines not to hold the referendum or if Bonds are *not* approved at the referendum, we will charge the City for our services at our actual customary hourly rates for the time expended; I would estimate that the total costs for the referendum process would be \$25,000. If the Bonds are approved at the referendum, the City may pay our fees on an hourly basis as set forth above or if the City expects to retain our services for the issuance of the Bonds and Bonds are expected to be issued over the next year we are willing to wait and charge the City a fee which includes the cost of the work on the referendum and is payable when the Bonds are issued so that the City does not have out-of-pocket legal expenses until the Bonds are issued. If paid at issuance, the firm would expect to negotiate a fee with the City at the time of the first and each subsequent sale of the Bonds. In each case, we would also expect reimbursement of disbursements incurred on behalf of the City for such items as travel, scanning, and express delivery.

Standard Terms of Engagement. Additional information regarding fees and other important matters is set forth in the enclosed Standard Terms of Engagement, which are incorporated as part of this letter. Please review this letter and the Standard Terms of Engagement carefully.

We sincerely appreciate the opportunity to serve as bond counsel for the City of Kannapolis, as issuer, of the Bonds. **If the provisions set forth above are consistent with your understanding, please sign below, keep a copy of the letter for yourself and return the original to us for our records.**

STANDARD TERMS OF ENGAGEMENT REGARDING LEGAL REPRESENTATION

1. Scope of Work and Limitations. The scope of our work and the limitations on the services to be performed will be in accordance with the Engagement Letter.
2. No Guaranteed or Contingent Outcome. While we will perform our professional services on behalf of the client to the best of our ability under the circumstances, we cannot and have not made any guarantees regarding the outcome of our professional efforts. Any expressions about the possible outcome of the matter or the results achievable are our best professional estimates only, and are limited by our knowledge at the time they are expressed.
3. Communications. As requested, we will send to the client copies of pertinent correspondence, documents and other materials prepared or received by us in the course of the representation. The client is encouraged to contact us as to any questions or comments regarding the services, fees, or status of the matter or as to any pertinent facts or considerations which may come to the attention of the client. Material information and documents received by the client should be forwarded to the firm without delay.
4. Attorney Assignment. Each client will have an attorney who shall have primary responsibility for the client's matters. When appropriate, work on the client's matters may be assigned to other attorneys in the firm who have a sufficient level of experience and time availability to handle competently and efficiently portions or all of the client's matters. In addition, assistance of non-attorney support personnel under the direct supervision of firm attorneys may be required, as appropriate.
5. Confidentiality. The firm will protect the confidence of the client and will not divulge confidential information concerning the client's business or legal matters, as required by the Rules of Professional Conduct. However, we understand that, unless you advise us to the contrary, you do not object to our mentioning to others our representation of you or our listing of your name as one of our clients in professional literature or in material published about this law firm.
6. Conclusion of Representation: Retention and Disposition of Documents. Unless previously terminated, our representation of the client in this matter will conclude upon our sending the client our final statement for services rendered in the matter. At its request, the client's documents and property will be returned to it, although we reserve the right to copy any documents we deem appropriate. Our files and documents pertaining to the matter will be retained by the firm. For various reasons, including the minimization of unnecessary storage expenses, and consistent with applicable professional conduct rules, we reserve the right to destroy or otherwise dispose of any such documents or other materials retained by us 5 years after the termination of the engagement, without further notice to the client.
7. Termination. The firm reserves the right to withdraw from representing the client upon written notice at any time, with or without cause. Likewise, the client may terminate the firm's services prospectively upon written notice to the firm. This engagement may involve a transaction subject to a "bill at close" arrangement whereby client and the Firm agree that legal fees and disbursements shall be paid from closing proceeds at the conclusion of the transaction. A "bill at close" arrangement is not the same as a contingency fee (where the Firm receives payment only if a certain result is achieved). If the client terminates the firm's services or elects not to consummate the referendum process or financing, as applicable, the firm and the client will mutually agree at that time on appropriate compensation based on the amount of time the firm has spent on the matter to that date.

**City of Kannapolis
Monthly Wastewater Allocations Update
June 2026**

Summary of Available WSACC Sewer Allocation for Kannapolis: 950,514

Total Restricted and Previously Committed Reserves: 986,149

WSACC Distributions this month: 195,511 - #14

Pending Projects Approved by Policy: 0

Remaining Non-Restricted Reserves: 947,465

Summary Remaining for post-2027 Sewer Allocation: 279,866 (approximately)

Pending Projects under Review:

- The commercial project at HWY 73 and Odell School Road is under review and nearing submission of a Development Agreement for City Council Consideration.

Staff will issue a one-year reservation letter of sewer capacity, contingent of a final adopted Development Agreement. This future approval is solely at City Council's discretion, and this one-year reservation letter is non-binding.

- Cabarrus County Schools has informed staff that they are considering the construction of a new elementary school in the northwest service area. This school would need sewer capacity, which is likely to be between 10,000 and 15,000 GPD out of the 2027 allocation.
- Staff has finalized all reviews of submittals for the recent call for non-residential projects. All projects have been approved by the Wastewater Allocations Committee. Projects requiring a development agreement will be presenting the appropriate development agreement in the next few months.
- Bainbridge Development has announced to the City that it is terminating its Development Agreement with the City. They did not acquire the property to which wastewater capacity and project was selected. This wastewater allocation originated from the Downtown Development Category and will be returned to the same category.
- Staff and CIC (Community Improvement Commission) has finalized the call for Affordable Housing Projects. Wynnefield Forward has submitted an application for Fairview Street, for approximately 72 units at approximately 8,700 GPD. This project was approved by staff and CIC to move forward for City Council consideration with a future Development Agreement and/or Allocations Permit being presented in the near future. This project met the definition and requirements for the Affordable Housing Call for Projects.

Staff will issue a one-year reservation letter of sewer capacity, contingent of a final adopted Development Agreement. This future approval is solely at City Council's discretion, and this one-year reservation letter is non-binding.

There is one other Affordable Housing application that was submitted later within the application period. That application remains under review and a future update will be provided.

Update Summary:

1. Staff are preparing to transfer up to 12,500 GPD from Reserves to Wyrick Property as a Priority 1 Project with prior City Commitment. This transfer was always planned but did not occur in the most recent Exhibit A in 2024 as the project timing was not yet finalized. This action will not reduce the post-2027 sewer allocation total.
2. Staff are preparing to propose a reduction in Block 6 of 42,000 GPD to restore Concrescere Business Park to 42,000 GPD. This action will not reduce the post-2027 sewer allocation total. City Council authorization will be requested to amend Exhibit A.
3. Metro 63 reserves will be released in a future Exhibit A.

3. Motion to approve the Pay and Classification Plan

Required Votes to Pass Required Action

Majority Present at Meeting

Background

As part of the annual budget process, City Council approves a user fee schedule for the upcoming fiscal year. This fee schedule implements the fees necessary to execute and implement the budget ordinance.

The City Manager has delivered multiple presentations on the upcoming Fiscal Year 2026-2027 budget. In accordance with North Carolina General Statute §159-12(b), a public hearing on the recommended budget was held on June 8, 2026.

City of Kannapolis Personnel Policies and Procedures - Position Classification Plan (Policy Number 400.01) requires that "the City Council approve a salary range for a class of positions based on the recommendation of the City Manager." The proposed position classification plan has been updated to reflect the market study completed in October 2024. The consultant for the market study project has reviewed and recommends presented position classification plan.

Fiscal Implications

The fees that changed are highlighted in the fee schedule and, most notably, water, sewer and stormwater as previously discussed.

The Budget Ordinance hereby establishes the FY2027 budget for the City's seven annual funds.

Alternate Courses of Action

Table action to future meeting but the budget **must be adopted prior to July 1, 2026**.

Recommended Action Requested by City Council

Motion to approve the Resolution to enter into the Amended Interlocal Agreement with Concord. **UNANIMOUSLY APPROVED**

Required Votes to Pass Required Action

Majority Present at Meeting

Background

The City of Concord and City of Kannapolis entered into a Joint Interlocal Agreement on July 22, 2022 for the operation of the CK Rider transit system. The agreement was subsequently amended on September 7, 2023 to establish a centrally governed and managed system of public transportation service for both municipalities (CK Rider).

After extensive negotiations, the City of Concord and the City of Kannapolis have agreed to a one-year period to evaluate the overall system and its future. If approved, the effective date of this amended agreement shall be July 1, 2026 and terminate June 30, 2027.

Fiscal Implications

After the effective approval date, the financial split is Concord 65%, Kannapolis 35%, respectively, for all routes comprising the public transit system. Kannapolis' total net cost for operations and administration of the public transit system for the service area for fiscal year 2026-2027 shall not exceed \$1,210,205 without additional appropriations by Kannapolis.

Alternate Courses of Action

1. Table action to a future meeting.
2. Take no action.

**SECOND AMENDMENT TO
JOINT INTERLOCAL AGREEMENT**

THIS SECOND AMENDMENT TO THE JOINT INTERLOCAL AGREEMENT (the “**Amendment**”) is made and entered into this the ____ day of _____, 2026, by and between the **City of Kannapolis**, a North Carolina municipal corporation (“Kannapolis”) and the **City of Concord**, a North Carolina municipal corporation (“Concord”) (Kannapolis and Concord hereinafter also referred to individually as a “Party” and collectively as the “Parties”).

WITNESSETH:

WHEREAS, the parties hereto have the power pursuant to Article 20 of Chapter 160A of the North Carolina General Statutes to jointly exercise any function which they have been granted the power to exercise alone, or to contract with the other for the exercise of any governmental function which they have been granted the power to exercise alone, and to enter into contracts and agreements to specify the details of these joint undertakings;

WHEREAS, the Parties entered into that certain Joint Interlocal Agreement dated July 22, 2022, as amended by that certain Amended Joint Interlocal Agreement dated September 7, 2023 Interlocal Agreement (hereinafter collectively referred to as the “Interlocal Agreement”) to establish a centrally governed and managed system of public transportation service for the Area; and

WHEREAS, the Parties desire to further amend the Interlocal Agreement as set forth in this Amendment.

NOW, THEREFORE, for and in consideration of the mutual promises set forth herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties agree as follows:

1. This Amendment shall have an effective date of July 1, 2026 (“Effective Date”). All duties, rights, performance obligations, service periods, payment obligations, notice periods, and other time periods under this Amendment shall commence on the Effective Date.

2. Subsection “d” of Section II.I. entitled, *Responsibilities*, shall be amended to add the following sentence:

Notwithstanding the foregoing, any change to the public transit routes within the respective jurisdictions of Concord or Kannapolis shall first require approval of the council of such respective jurisdiction.

3. Section III.B. of the Interlocal Agreement entitled, *Sharing of Net Operating Costs*, is hereby deleted in its entirety and replaced with the following:

III.B. Sharing of Net Operating Costs. Kannapolis' share of the total net cost for the operation (inclusive of the cost of the annual Service Provider contract and purchase of fuel) and administration (to include those costs indicated in Section III.F. and all other expenses needed for public transportation system operations) of the public transit system for the Area shall be based on the proportion of hours operated within their jurisdiction compared to the hours for the entire public transportation system. As of the Effective Date, the proportional split is Concord 65%, Kannapolis 35%, respectively, for the routes comprising the public transit system for the Area. Notwithstanding the foregoing, Kannapolis' total net cost for operation and administration of the public transit system for the Area for the 2026-2027 Fiscal Year shall not exceed One Million Two Hundred-Ten Thousand Two Hundred and Five Dollars (\$1,210,205), without additional appropriation by Kannapolis. Concord's total net cost for operation and administration of the public transit system for the area for the 2026-2027 Fiscal Year shall not exceed Two Million Five Hundred and Twenty Thousand Seven Hundred and Forty Dollars (\$2,520,740), without additional appropriation by Concord. The parties acknowledge that unforeseen increases to some uncontrollable projected costs, such as fuel and vehicle maintenance, could require additional appropriations. The parties agree that, in such a scenario, failure to make additional appropriations could result in service cutbacks for the underfunded jurisdiction. The parties agree that the net cost to be calculated after Concord's receipt of all operating revenues, including transit fares, fees, rents, and state and federal transit grant funds.

Kannapolis shall transfer their share of the net costs to Concord within thirty (30) days of receipt of a quarterly report that indicates the amount of Kannapolis' share. The fourth quarter report to Kannapolis shall reflect the audited number of hours and overhead/administrative expenses incurred by Concord as provided for in Paragraph III.G. and shall incorporate any adjustments to previous invoices.

4. Section III.E. of the Interlocal Agreement entitled, *Fiscal Support*, is hereby deleted in its entirety and replaced with the following:

III.E. Fiscal Support. In accordance with the provisions hereof, Concord shall use revenues from the fare box and user charges, government grants, and appropriations made by Concord and Kannapolis to fund the public transit system for the Area. Pursuant to North Carolina General Statute §20-97(c), Concord and Kannapolis may each levy a municipal vehicle tax of not more than five dollars (\$5.00) per year upon any vehicle resident in each city for financing, constructing, operating, and maintaining the public transportation system. CKTC shall not be empowered to levy any tax. As lead agency with respect to federal grant assistance for the public transit system for the Area, Concord shall actively seek federal and state grant funding to assist in the operation and administration of the Area transit system.

5. Section IV.A. of the Interlocal Agreement entitled, *Termination*, is hereby deleted in its entirety and replaced with the following:

Termination. This Agreement shall automatically terminate on June 30, 2027, unless otherwise agreed by the parties in writing at least ninety (90) days prior to the termination date.

6. The Interlocal Agreement, as amended hereby, is hereby ratified, confirmed and deemed in full force and effect. Except as expressly modified hereby, the terms of the Interlocal Agreement shall remain unmodified and in full force and effect.

[SIGNATURE PAGE TO FOLLOW]

IN WITNESS WHEREOF, the Parties have here onto affixed their hands and seals on duplicate originals, one of which shall be retained by each party, this the day and year first above written.

Subject: **GO BOND INTRODUCTION AND RESOLUTION UNANIMOUSLY APPROVED**

Recommended Action Requested by City Council

1. Consider a Motion to reduce the maximum amount of the bond from \$40,000,000 to \$38,000,000
2. Motion to adopt the Introduction of the Bond Order
3. Motion to adopt the Resolution calling a public hearing on the Bond Order, directing publication of the Notice of Public Hearing and filing of a Statement of Debt and Statement of Disclosures

Required Votes to Pass Required Action

Majority Present at Meeting

Background

Fiscal Implications

The total projected cost for the proposed projects under consideration is \$37,441,000. A contingency amount was included in the maximum bond amount that brought the maximum total to \$40,000,000.

General Obligation Bonds area fixed authorization, and the ability to fund all projects will be subject to project cash and other factors. A reduction of the requested maximum bond amount to \$38,000,000 better aligns the bond amount more closely to the actual projected cost of the representative projects, takes into account that not all projects will be completed all at once, the potential to phase in at least one project for which no design work has been completed and will likely require a phased approach, considers the availability of other funding options in the future, and recognizes the potential for future market growth.

If Council is in agreement with a reduced maximum bond amount, the amount must be amended prior to adoption of the Introduction of the Bond Order and the Resolution calling for a public hearing.
